Cl.1;Slaked lime, not for agricultural purposes; calcium hydroxide, not for agricultural purposes; lime carbonate, not for agricultural purposes; non-metallic minerals for use in manufacture; plastics [raw materials]; groundwood pulp or chemical pulps for manufacturing purposes; chemical compositions for developing photographs; photosensitive plates; semi-processed foams of ceramics in the nature of silicon carbide, alumina, zirconia, titanium oxides, aluminum nitride, silicon nitride; compositions for the manufacture of technical ceramics.

Cl.7;Metalworking machines and tools and their parts and fittings; cutting tools for machinery; dies for use with machine tools; metalworking machines and tools for friction stir welding of metals; metalworking machines and tools, namely, impact wrenches, electric ratchet wrenches, wrenches (power-driven), electric screwdrivers, electrical drills, drilling bits [parts of machines], reamers [parts of machines], grinding tools [parts of machines], hammers [parts of machines], jigsaws [machines], electric sanders; cutting tools for metalworking, other than hand-operated; cutting tools and dies of ceramics for metalworking, other than hand-operated; cemented carbide cutting tools other than hand-operated; cermet cutting tools other than hand-operated; diamond-pointed metal-cutting tools other than hand-operated; thread milling cutters (machine tools); milling cutters (machine tools); cemented carbide tips for use with machine tools; wear-resistant metal-cutting tools other than hand-operated; moulds and dies for metal-forming (parts of machines); non-electric prime movers, not for land vehicles; parts of non-electric prime movers; parts of engines, namely, sealing joints, injectors, air filters, turbochargers, power steering pumps, oil pumps, water pumps, urea SCR filters, urea water filters, DPF (diesel particulate filters), pistons, cylinder liners, valve rocker arms and shafts, fuel pumps, carburetors, diesel fuel injection systems (mechanical), diesel fuel injection systems (electronic), diesel fuel injection nozzles, fuel filters, air cleaners; parts of engines, namely, oil pump filters, oil coolers, fans and fan clutches, exhaust manifold converters, mufflers; parts of engines, namely, throttle bodies, timing belts, fan belts, belt tensioners, clutches, pressure switches being parts of machines; motors, other than for land vehicles; fan belts for motors and engines; transmissions for machines; mechanical engine parts for land vehicles; igniting devices for internal combustion engines; ignition apparatus and their accessories being parts of internal combustion engines of all kinds, namely spark plugs, glow plugs, spark plug caps, spark plug cables and spark plug ignition coils; chemical processing machines and apparatus; machines for generating gas by electrolysis; industrial machines for hardening molded products of lime material by applying carbon dioxide for chemical processing; electromechanical machines for chemical industry; tile making machines being chemical processing machines and apparatus; pottery manufacturing machines and apparatus; potters' wheels; high-voltage generators; electricity generators; fuel dispensing machines for service stations; fuel dispensing pumps for service stations; fuel dispensing machines for hydrogen stations; fuel dispensing pumps for hydrogen stations; hydrogen dispensing or fuelling equipment for fuel cell vehicles; valves (parts of engines); valves (parts of engines), namely, EGR valves, ISC valves, proportional relay valves, ABS modulator valves, thermostatic control valves; industrial fishing machines; machines and machine tools for the aquaculture industry; machines and equipment for the aquaculture industry, namely, tanks being parts of machines, water pumps and auto-feeders; chemical vapor deposition reaction machines for processing semiconductor wafers; chemical vapor deposition reaction machines for manufacturing liquid crystals; physical vapor deposition reaction machines for processing semiconductor wafers; physical vapor deposition reaction machines for manufacturing liquid crystals; plasma etching processing machines for processing semiconductor wafers; plasma etching processing machines for manufacturing liquid crystals; ion implanting machines for processing semiconductor wafers; ion implanting machines for manufacturing liquid crystals; semiconductor wafer processing machines and parts therefor; semiconductor manufacturing machines and systems; parts and fittings of semiconductor manufacturing machines and systems; machines for manufacturing liquid crystal display devices; machine elements not for land vehicles; pneumatic or hydraulic machines and instruments; generators with cogeneration function; alternators; direct current generators; ignition coils [parts of engines]; fuel pressure regulators for internal combustion engines; starters for motors and engines, and their parts and fittings; feed water heaters for non-electric prime movers and engines with fuel cells; feed water heaters for non-electric prime movers and engines used for cogeneration systems; feed water heaters for non-electric prime movers and engines; machines for generating gas by electrolysis for hydrogen stations for fuel-cell (hybrid) vehicles; electric motors for automobile windshield wipers.

Cl.8;Bladed or pointed hand tools; cutting tools [hand tools]; hand tools, hand-operated; hand tools, hand operated, other than bladed or pointed hand tools; socket wrenches; socket spanners; sockets being hand tools; sockets for attaching and detaching oxygen sensors for automobiles [hand tools].

CI.9; Telecommunication machines and apparatus, and their parts for measuring, testing, monitoring and detecting water quality; telecommunication machines and apparatus, and their parts for analyzing and visualizing data of water-quality for use with monitoring devices and water-quality monitors; telecommunication machines and apparatus, and their parts for collecting and utilizing data of automobiles; telecommunication machines and apparatus, and their parts for use in the field of fuel cells and other batteries; telecommunication machines and apparatus, and their parts for measuring, monitoring, managing and evaluating condition of batteries; telecommunication machines and apparatus, and their parts for conducting, controlling and regulating the distribution of electricity; telecommunication machines and apparatus, and their parts for trading greenhouse gas emission rights or credits; telecommunication machines and apparatus, and their parts for measurement, analysis and management of greenhouse gas emission; telecommunication machines and apparatus, and their parts for controlling and managing measuring and testing machines and instruments; electron tubes; semi-conductor devices; electronic circuits; computer programs, recorded; computer programs, downloadable; downloadable image and video files; downloadable audio and sound files; electronic publications, downloadable; personal digital assistants; laboratory apparatus and instruments; power distribution or control machines and apparatus; apparatus and instruments for conducting, controlling and regulating the distribution of electricity; igniting apparatus, electric, for igniting at a distance; igniting apparatus, electric, for igniting; rotary converters; phase modifiers; electric or magnetic meters and testers; conductors, electric; cables, electric; eyewear; computer hardware; computer peripherals; electronic components; piezoelectric elements (electronic components); semi-conductor elements; integrated circuits; integrated circuit packages; integrated circuit substrates; computer hardware for measuring, testing, monitoring and detecting water quality; computer hardware for analyzing and visualizing data of water- quality for use with monitoring devices and water-quality monitors; computer hardware for collecting and utilizing data of automobiles; computer hardware for use in the field of fuel cells and other batteries; computer hardware for measuring, monitoring, managing and evaluating condition of batteries; computer hardware for conducting, controlling and regulating the distribution of electricity; computer hardware for trading greenhouse gas emission rights or credits; computer hardware for measurement, analysis and management of greenhouse gas emission; computer hardware for controlling and managing measuring and testing machines and instruments; buzzers, electric; fire alarms; gas leak alarms; burglar alarms; magnetic cores; resistance wires; electrodes, other than welding electrodes or medical electrodes; fuel cell electrodes; calculating machines; ultrasonic wave oscillators; ozonisers [ozonators]; measuring or testing machines and instruments; measuring apparatus and instruments; sensors, detectors and monitoring instruments; piezoelectric sensors; thermal sensors; optical sensors; gas sensors; pressure sensors; acceleration sensors; velocity sensors; distance sensors; water quality sensors; apparatus for measuring concentration of fuel vapor, oxygen, nitrogen, oxide, hydrocarbon, methane, alcohol and hydrogen in air or gas; apparatus for measuring concentration of fuel vapor, oxygen, nitrogen oxide, hydrocarbon, methane, alcohol and hydrogen, and controlling air/fuel ratio in the exhaust gas from internal combustion engines, boilers, incinerators, gas turbines, generators and fuel cells; knock sensors; temperature sensors; outdoor air sensors for measuring air quality; load sensors; hydrogen leak detection sensors; urea sensors; speed sensors; sensors for measuring the position of liquid; position sensors; sensors for measuring flow rate of gas, air and liquid; gear position sensors of transmission; anti-theft infrared sensors; liquid detection sensors; impact detection sensors; illuminance sensors; sensors for measuring air inhalation speed; parking aid sensors; electromagnetic sensors; ultrasonic sensors; sensors [measurement apparatus], other than for medical use; vibration sensors; motion sensors; infrared sensors; photoelectric sensors; machines for measuring, signalling, detecting and testing the failure of semiconductors; parts for ceramic semiconductor; ceramic wiring board; electronic sensors; electronic decoders; electronic meters; electronic control systems; electronic control units; electronic surveillance apparatus; electronic control apparatus; electronic semi-conductors; process controlling apparatus [electronic]; testing apparatus for electronic equipment; electrodes; electrical cells and batteries, and their parts and fittings; galvanic cells; battery cases; solar batteries, and their parts and fittings; solar panels for the production of electricity; chargers for electric accumulators, and their parts and fittings; battery charging equipment; battery cases equipped with measuring equipment and communication equipment for measuring, monitoring and managing condition of batteries; battery chargers utilizing solar power generation panels equipped with measuring equipment and communication equipment for measuring, monitoring and managing condition of batteries; apparatus for measuring heat production by household fuel-cells by monitoring flow volume of heating medium in-and-out temperature differences; calorimeters; fuel cells using metal anodes or alkaline fluid electrolytes; polymer electrolyte fuel cells; computers for remote monitoring of fuel battery generators using communication networks; fuel cells; electrochemical power generating apparatus, namely fuel-cells stacks, fuel cells, control devices for fuel cells, and structural parts of fuel cells with heat insulating function; fuel cells for electricity generation; hydrogen fuel cells for electric vehicles; light-emitting diodes [LED]; parts and fittings for light diodes; fuel battery cells; fuel cell stacks; fuel cell modules; electric wires, cables, and connectors for land and water vehicles, and their accessories; sensors for vehicles; automotive and other vehicular sensors, namely, position sensors, temperature sensors, pressure sensors, speed sensors, vacuum sensors, oxygen sensors, fluid level sensors, knock sensors and mass air flow sensors; battery clips and battery leads; starting and charging system components, namely, electric starting cables, electrical wires, voltage regulators, and voltage stabilizers; electrical switches; pressure switches; ignition parts for internal combustion engines in the nature of capacitors, control module, namely, electronic controls for gasoline engines for land vehicles and voltage regulators and reducers; solenoid valves [electromagnetic switches]; electronically controlled air suspension (ECAS) solenoid valves; variable valve timing (VVT) solenoids, namely, electromagnetic coils; safety helmets; oxygen breathing apparatus, other than for artificial respiration; electric relays; high voltage power supplies for ignition using dry battery or household power source; high voltage power supplies for piezoelectric gas ignition.

CI.11; Heating elements; electric water heaters; air sterilizers for industrial use; ozone sterilizers; air sterilizers for household use; ozone air purifiers; air purifying apparatus and machines; ozone air purifiers for industrial use; industrial air purifiers; household ozone air purifiers; air purifiers for household use; humidifiers; dehumidifiers; disinfectant apparatus; disinfectant apparatus for medical purposes; sterilizers; sanitary apparatus and installations; toilet bowls; bath fittings; wash-hand bowls [parts of sanitary installations]; gas generation installation; adsorption apparatus for generating gas; drying apparatus for chemical processing; electric lamps and other lighting apparatus; boilers, other than parts of machines; piezoelectric gas igniters; gas lighters; heat exchangers, other than parts of machines; evaporators; distillation apparatus; air-conditioning apparatus; air conditioners for vehicles; air conditioner filters for vehicles; water purifying apparatus and machines; household electrothermic appliances for heating, steam generating, cooking and drying purposes; tap water faucets; level controlling valves in tanks; cocks for pipes and pipelines; waste water treatment tanks for industrial purposes; feedwater heaters using fuel-cells for industrial purposes; air-conditioning apparatus using fuel cells; lighting apparatus using light emitting diode; lighting apparatus using the laser diode; lighting apparatus for vehicles; feed water heaters used for cogeneration systems; air conditioners used for cogeneration systems; feed water heaters for industrial purposes; stoves [space heaters] for household purposes, non-electric; oxygen concentrators equipped with stationary and portable liquid oxygen reservoirs for industrial purposes; stationary and portable oxygen concentrators for industrial purposes; parts of oxygen concentrators for industrial purposes; oxygen concentrators for industrial purposes.

CI.12; Automobiles and their parts and fittings; two-wheeled motor vehicles, bicycles and their parts and fittings; mechanical elements for land vehicles; motors, electric, for land vehicles; anti-theft alarms for vehicles; brake valves for land vehicles; brakes for vehicles; ABS modulator valves for vehicles; anti-lock braking systems [ABS] for automobiles; trailer control valves for vehicles; clutches for land vehicles; belts for land vehicle transmissions; transmission mechanisms for land vehicles.

CI.16;Containers of paper, for packaging; bags [envelopes, pouches] of paper or plastics, for packaging; banners of paper; flags of paper; paper and cardboard; stationery; writing instruments; pens [office requisites]; ball-point pens; pencil lead holders; pencils; file folders; document holders [stationery]; plastic sleeves for holding documents; clips for offices; magnetic clips for offices; stickers [stationery]; note books; notepads; printed matter; photographs [printed]; photograph stands.

CI.17;Gaskets; non-metal pipe couplings and joints; joint packings; electrical insulating materials; mineral wool [insulator].

CI.18;Bags; pouches; luggage and carrying bags; reusable shopping bags; travelling bags; belt bags; tote bags; Boston bags; umbrellas and their parts.

CI.19;Lime; limestone; non-metallic minerals for building or construction; lime building materials; lime building or construction materials; ceramic building materials, bricks and refractory products; tiles, not of metal, for building; building materials, not of metal.

CI.21;Drinking vessels; dishes; dinnerware, other than knives, forks and spoons; dishware; tableware, other than knives, forks and spoons; vases; porcelain ware; earthenware; crockery; pottery; works of art of porcelain, ceramic, earthenware, terra-cotta or glass; ceramics for household purposes; glass containing phosphor; glass phosphor coated.

CI.25;Aprons [clothing]; clothing; non-Japanese style outerclothing; coats; sweaters; shirts; nightwear; underwear [underclothing]; headwear; hats; caps being headwear; polo shirts; T-shirts; jackets; gloves and mittens [clothing]; driving gloves, not for racing; hoodies being clothing; hooded pullovers; sweatshirts; tops as clothing; bottoms as clothing; pants; belts [clothing]; headwear treated with heat retardants, being clothing.

CI.35;Advertising and publicity services; providing information concerning commercial sales; providing business assistance to others in the field of data processing in relation to the operation of data processing apparatus namely, computers, typewriters, telex machines and other similar office machines; providing commercial information and advice for consumers in the choice of products and services; marketing research or analysis; professional business consultancy; commercial intermediation services; computerized inventory management; product merchandising services; inventory management of parts and components for manufacturers and suppliers, and consultation and advice relating thereto; compilation of information into computer databases; promotion, advertising and marketing of on-line web sites; rental of advertising space; providing and rental of advertising space on the internet; promoting the goods and services of others through the administration of sales and promotional incentive schemes involving trading stamps; sales promotion for others; retail services or wholesale services for electronic machines, apparatus and their parts; retail services or wholesale services for telecommunication machines and apparatus; retail services or wholesale services for medical apparatus and their parts; retail services or wholesale services for automobiles and their parts; retail services or wholesale services for two-wheeled motor vehicles and bicycles, and their parts; retail services or wholesale services for generators with cogeneration function; retail services or wholesale services for fuel cells, batteries and parts and fittings therefor; consultancy services relating to commercial sales for generators with cogeneration function; consultancy services relating to commercial sales for fuel cells and batteries and parts and fittings therefor; retail services or wholesale services for electrical machinery and apparatuses; retail or wholesale services for apparatus and instruments for conducting, controlling or regulating the distribution of electricity; retail services or wholesale services for generators and parts and fittings therefor; retail services or wholesale services for electrical machinery and apparatuses and their parts for use in the field of fuel cells and other batteries; retail services or wholesale services for medical apparatus for respiratory care; arranging commercial transactions, for others, via on-line shops; commercial intermediation services of automobile parts via on-line shops.

CI.36;Automobile appraisal; providing information relating to the appraisal of used automobiles; brokerage of greenhouse gas emission rights or credits, and consultation and information service thereof; brokerage of emission rights; trading of carbon dioxide and greenhouse gas emission credits, allowances or offsets of others.

CI.37;Repair or maintenance of metalworking machines and tools; providing information relating to the repair or maintenance of metalworking machines and tools; repair or maintenance of automobiles; repair or maintenance of two-wheeled motor vehicles; repair or maintenance of telecommunication machines and apparatus; repair or maintenance of consumer electrical appliances; repair or maintenance of measuring and testing machines and instruments; repair or maintenance of water-quality monitors; repair or maintenance of medical machines and apparatus; repair or maintenance of fishing machines and instruments; repair or maintenance of aquaculture machines and instruments; repair or maintenance of machines and instruments for the aquaculture industry; repair or maintenance of water pollution control equipment; repair or maintenance of water purifying apparatus for industrial purposes; sterilization of medical apparatus and instruments; providing information relating to the repair or maintenance of automobiles, and consultation and advice relating thereto; providing information relating to the repair or maintenance of two-wheeled motor vehicles, and consultation and advice relating thereto; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of tile manufacturing machines and apparatus; repair or maintenance of pottery manufacturing machines and apparatus; installation of industrial machinery; repair and maintenance of batteries, generators, and battery chargers; repair and maintenance of electronic machines and apparatus; rental of battery chargers; repair or maintenance of fuel cells, fuel battery cells, fuel cell stacks, fuel cell modules and other batteries and their parts; repair or maintenance of fuel battery generators; repair or maintenance of generators with cogeneration function; installation of fuel battery generators; installation of generators with cogeneration function; construction; repair or maintenance of batteries; repair or maintenance of power generators.

CI.38;Rental of communication equipment.

CI.39;Operating parking lots; car parking; car rental; collection of domestic and industrial waste and trash; collection of cells and batteries for recycling; electricity supply and distribution with fuel cells and other batteries; heat supplying [distribution]; gas supplying [distribution]; hot water supplying [distribution]; providing information in relation to the distribution of electricity, heat, gas and water; electricity distribution; water supplying [distribution]; distribution of energy.

CI.40;Custom manufacturing of fuel cells; custom manufacturing of fuel cell stacks; rental of fuel cells; rental of water purifying apparatus; rental of humidifier for household purposes; rental of air purifiers for household purposes; rental of humidifier for industrial purposes; rental of air purifying apparatus and machines for industrial purposes; rental of metal treating machines and tools; rental of metalworking machines and tools; rental of power-driven hand tools for metal treating and metalworking; ceramic processing, and consultancy and information service relating thereto; hardening of molded products of lime material using carbon dioxide, and consultancy and information service relating thereto; processing of chemicals; custom assembling of materials for others; treatment of materials for the manufacture of ceramic goods; sorting and disposal of waste and trash; recycling of waste and trash; recycling of electric batteries; rental of batteries; rental of electricity generators; custom manufacture of fuel cells, other batteries and their parts; rental of fuel cells, other batteries and their parts; rental of generators with cogeneration function; rental of space heating apparatus;

rental of space heating apparatus using cogeneration system; rental of air-conditioning apparatus; rental of air-conditioning apparatus for household purposes; rental of air conditioners for industrial purposes; rental of fuel battery generators for household purposes; rental of fuel cells for household purposes; rental of generators with cogeneration function for household purposes; metalworking and providing information relating thereto; ceramic processing and providing information relating thereto.

CI.42; Testing or research on machines, apparatus and instruments; design services; technological advice relating to computers, automobiles and industrial machines; chemical, laboratory or pollution testing in the field of aquaculture; scientific research in the field of aquaculture; rental of measuring apparatus; rental of computers; designing of fuel cells and fuel cell stacks; consultation in relation to designing of fuel cells; designing of fuel cell power generation system; designing of machines, apparatus, instruments [including their parts] or systems composed of such machines, apparatus and instruments; computer programming; computer software design; maintenance of computer software; testing, inspection or research of pharmaceuticals, cosmetics or foodstuffs; testing or research on electricity; providing computer programs on data networks; providing computer application programs on data networks; cloud computing; electronic data storage; rental of computer equipment; rental of computer hardware; providing computer programs for trading greenhouse gas emission rights or credits on data networks; providing computer programs for measurement, analysis and management of greenhouse gas emission on data networks; measuring and analysis of greenhouse gas emissions, and consultancy and information service relating thereto; energy auditing; monitoring of computer systems by remote access; providing computer programs on data networks for measuring, monitoring, managing and evaluating condition of batteries; material testing; consultancy in the field of energy-saving; testing and assessment of battery condition and quality; design of fuel cells, other batteries and their parts; advisory services relating to design of fuel cells, other batteries and their parts; testing and research on cogeneration system; all of the aforementioned are not for services relating to animal husbandry.

CI.44; Nutritional and dietetic consultancy; medical equipment rental; provision of medical information; physical examination.

Cl.7;Waste management and recycling machines, including machines using the process of pyrolysis; machines and machine tools, namely equipment for plastic waste conversion and transformation, including for the conversion into fuel and oil, including marine gas oil; turbines for power generation, including gas turbines; machines, namely equipment for cleaning (washing), emptying, pressure testing, marking, painting and renovation (reshaping) of gas cylinders; machine tools, including machine tools for cleaning (washing), emptying, marking, painting and renovation (reshaping) of gas cylinders; shrinking machines for sealing of gas valves and gas cylinders; motors and engines (except for land vehicles); machine coupling and transmission components (except for land vehicles); gas filling plants (machines) and gas filling stations; machines and equipment for capture of gas; machines for filling of gas cylinders; suspension chains, carousels and lifting devices for gas cylinders and filling heads with gas stop valves; machines and equipment for the production (liquefaction) or transfer of gas, including liquid natural gas; apparatus and instruments for sealing of gas cylinders; machines and equipment for handling gas; pumps for the supply of gas; machines and equipment for the transport of gas cylinders; machines and equipment for opening and closing of cylinder valves; machines and equipment for preparing cylinders for gas filling; machines and equipment for the reconditioning of cylinders for gas; control mechanisms for machines for plastic waste conversion and transformation; control mechanisms for machines for carbon capture, filling gas cylinders, gas liquefaction plants, gas bunkering plants and power plants; gas compressors; palletizers, including palletizers for gas cylinders; machines for gas cylinder destruction; machines for capping and sleeving gas cylinders; shot blasting machines; conveyors and conveyor belts, including conveyors and conveyor belts for handling gas cylinders; machines and equipment for gas bunkering; generators; electric power generators; generators of electricity; parts and fittings for the abovementioned goods.

Cl.9;Scientific, surveying, weighing, measuring, signaling, checking (supervision) apparatus and instruments, namely apparatus and instruments for weighing, measuring, signaling and checking (supervision) used in connection with machines for filling of gas cylinders and for carbon capture; data processing equipment and computers; computer hardware and software, namely computer hardware and software for the use in connection with gas filling plants and computer hardware and software for the use in connection with data collection, process analysis, process monitoring, process controlling and automatic process optimization; computer hardware and software for the use in connection with gas liquefaction plants, gas bunkering plants, gas refueling plants and power plants; computer hardware and software for the use in connection with conversion and recycling of waste; industrial automation software; process controlling apparatus [electric]; digital controllers for process control; electric and electronic apparatus and instruments, namely software and hardware and connection panels and switchboards for use in connection with filling gas cylinders with gas; control equipment and measuring and control apparatus, namely software for controlling and monitoring gas filling plants; electric and electronic apparatus and instruments for carbon capture; apparatus and instruments for dosing and measuring of gas as well as apparatus and instruments for weighing and pressure testing of gas cylinders; control equipment and control apparatus for controlling the sealing of gas cylinders and for testing if valves and gas cylinders are without leakiness; fire and gas alarm systems; photovoltaic installations for generating electricity [photovoltaic power plants]; solar energy collectors for electricity generation; machines and machine tools, namely equipment for pressure testing of gas cylinders; machines for checking and testing gas cylinders and valves, namely machines for testing of leakages and leakiness of valves, including valves on gas cylinders; machines for checking and testing gas cylinders and valves; parts and fittings for the abovementioned goods.

Cl.11;Gas fittings and gas regulators; regulating and safety accessories for gas pipes; pressure controllers [regulators] for gas pipes; regulating apparatus for gas pipes; installations for controlling the flow of gases; cooling installations for gas; heat generating apparatus; parts, fittings and safety equipment for the aforementioned goods.

Cl.37;Repair and maintenance of machines and plants for filling liquefied natural gas in gas cylinders or propane tanks (after sales services); maintenance, renovation and servicing of gas filling plants and gas filling stations and building of plants for plastic waste conversion and transformation; on site project management relating to the construction of gas filling plants, machines and equipment for filling and handling gas cylinders; repair of plants, machines and equipment for

plastic waste conversion and transformation; installation services in connection with plants, machines and equipment for plastic waste conversion and transformation; maintenance of plants, machines and equipment for plastic waste conversion and transformation; on site project management relating to the construction and installation of plants, machines and equipment for plastic waste conversion and transformation; building of power plants, gas liquefaction plants, gas refueling plants and gas bunkering plants; installation, maintenance and repair of power plants, gas liquefaction plants, gas bunkering plants, gas refueling plants and generators; repair of power plants, gas liquefaction plants, gas bunkering plants, gas refueling plants and generators; installation of power plants, gas liquefaction plants, gas refueling plants and gas bunkering plants; on site project management relating to the construction of power plants, gas liquefaction plants, gas refueling plants and gas bunkering plants; consultancy in relation to the abovementioned.

Cl.39;Operating of liquefied gas filling plants and liquefied gas filling machines, namely, filling liquefied petroleum gas into gas cylinders or propane tanks; operating of liquefied natural gas filling plants and liquefied natural gas filling machines, namely, filling liquefied natural gas into gas cylinders or propane tanks installation.

downloadable computer software for testing software systems for security; downloadable software to detect defects in security system software and reliability; downloadable computer software for identifying, analyzing, and improving software and application security; downloadable computer software for software composition analysis, auditing open source software compliance, and detecting vulnerabilities in third party code; downloadable computer software to assist software developers to manage the software development process and for auditing of computer software and computer programs and for managing compliance and open source software use and development; downloadable computer software for use in scanning, reviewing, evaluating and reporting on the composition and components of other computer for identifying, tracking and managing of software assets and use of third party software, or to ensure compliance with industry, legal or governmental regulations by businesses and institutions; downloadable computer software for use in comparing individual software components to databases of known software sources in order to evaluate and categorize such components and identify the source of such components; downloadable computer software for conducting computer software audits and reporting the results of such audits; downloadable computer software for automating open source security and license compliance during application development; computer application software for the design and deployment of machine learning-based applications; downloadable artificial intelligence-enabled computer software applications for design space optimization and assistance with debugging; software for processing digital audio; downloadable computer-aided design (CAD) software for designing and testing integrated circuits; downloadable computer software for computer-aided design, simulation, verification, analysis, testing, and developing of the silicon manufacturing processes of electronic circuits, integrated circuit, and other semiconductor devices; downloadable computer-aided design (CAD) software for designing, simulating, and analyzing automotive lighting systems; downloadable computer software, computer code, databases, and data files used in, and for

use in, the design and development of semiconductors, electronic circuits, and integrated circuits; downloadable computer software development tools; downloadable computer software development tools used to test, evaluate, and improve information and network security; downloadable software development kits (SDKs); electronic design automation (EDA) software tools for designing, developing, verifying, testing, and debugging electronic systems, electronic circuits, systems on chips (SOCs), integrated circuits, semiconductors, silicon chips, and microchips; downloadable electronic design automation (EDA) software tools for semiconductor device manufacturing process development and optimization, namely, designing, verifying, simulating, testing, and debugging semiconductor manufacturing processes; downloadable computer hardware and software for system-on-a-chip (SOC) debugging; downloadable computer hardware and software for computer system and application development; downloadable computer hardware and software for hardware and software co-verification and system-level validation; computer hardware; computer hardware for electronic design automation; computer hardware for verification of integrated circuit design; computer hardware, namely, emulators; computer hardware, namely, customizable high-performance microprocessor cores; computer hardware, namely, application-specific integrated circuit (ASIC) and system-on-a-chip (SOC) emulators; computer hardware, namely, integrated circuits, microprocessors, and microprocessor cores, all integrated with semiconductor intellectual property (SIP) architecture for security purposes; computer hardware, namely, computer motherboards, daughterboards, memory boards, input/output boards, adaptor boards, interconnect boards, and power supplies, for use in integrated circuit design; connectors for computer motherboards and daughterboards; computer programs for artificial intelligence; downloadable electronic instruction manuals in the fields of software, electronic systems, and integrated circuit design; electronic downloadable publications in the nature of newsletters, datasheets, technical papers, educational materials, and white papers in the fields of computer software, electronic design automation, software verification, software security, cyber security, software risk management, integrated circuit design, software design, software productivity, and chip power management; data processors; microprocessors; vision processors; vision processing units (VCUs); semiconductor intellectual property (SIP) architecture being downloadable software instructions designed to function with particular microprocessors ; semiconductor intellectual property (SIP) architecture being downloadable software instructions designed to function with particular microprocessors, for security purposes ; semiconductor intellectual property (SIP) cores; semiconductor intellectual property (SIP) cores for video and audio encoding, decoding, and transcoding.

CI.41; Educational services, namely, providing and disseminating educational and training materials in the fields of computer software, electronics design and computer security; educational services, namely, conducting classes, seminars, webinars, workshops, and classes in the fields of computer software, software design and development, software security, software development security, silicon chip design and verification, semiconductor intellectual property (SIP), power management, cloud computing, cloud security, management and software licensing and compliance; academic enrichment programs in the field of computer software, electronic design automation software, and static analysis software; providing a website featuring blogs and non-downloadable publications in the fields of software integrity, cloud integrity, chip design and verification, intellectual property, and software security and quality (term considered too vague by the International Bureau - Rule 13 (2) (b) of the Regulations); providing online publications in the nature of instruction manuals for development systems, software libraries, designs, design specifications and protection systems in the field of electronic system and integrated circuit design.

CI.42; Consultation services in the field of design, development, and testing of computer software; consulting services in the field of cloud computing; consultancy in the field of cloud application design and development and cloud computing infrastructure design and development; consultation services in the field of cloud migration and implementing cloud applications; consultation services in the field of cloud computing infrastructure assessments and identification of weaknesses in the cloud infrastructures; cloud computing security consultancy; data security consultancy; computer security consultancy in the field of scanning and penetration testing of computers and networks to assess information security vulnerability; consulting services, namely, providing problem resolution to design level engineers; consulting services, namely, identifying, analyzing, and reducing the risks of software failure; information technology consultation in the field of microelectronics; technological consultation and advisory services in the field of microelectronics as it relates to verification technology; computer software consulting services to assist the management of intellectual property risks of the software development process ; computer software consulting services to assist the management of licensing and compliance risks of the software development and management process and managing risks associated with the development, ownership and licensing of software ; computer consulting services in the field of application development, code review, computer security, and software architecture analysis; computer software consultation services in connection with conducting software audits and implementing best practices in the identification, tracking, and management of software assets and the use of third party software; computer services, namely, providing computer software and application programming consulting services; technical consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of internet technology and services; consulting and technical support services, namely, providing technical advice relating to software security testing, security control, and analysis; technical support services, namely, troubleshooting in the nature of diagnosing computer software and hardware problems; technical support services, namely, 24/7 reporting and monitoring of open source vulnerabilities in software application development; providing quality assurance services in the field of computer software; testing of computer software; design and development of computer hardware and software; development and implementation of software, hardware and technology solutions for artificial intelligence; development and implementation of software, hardware and technology solutions for the purpose of testing and productization of electronic components and electronic systems for automobiles; development and implementation of software, hardware and technology solutions for the design and deployment of machine learning-based applications; development, design, and maintenance of computer software for computer-aided, visual, and photometric development of products in the automotive field and in industry; design for others of computer hardware, computer software, and computer programs all in the field of the development and verification of microelectronics; integrated circuit, semiconductor, and electronic circuit design services, namely, electronic design automation services; providing temporary use of on-line non-downloadable artificial intelligence software for smart parameter setup; providing temporary use of on-line non-downloadable software for silicon lifecycle management (SLM); providing temporary use of on-line non-downloadable software for electronic design automation; providing temporary use of on-line non-downloadable software for identifying, analyzing, and improving software and application security; providing temporary use of on-line non-downloadable software for the purpose of analyzing computer code and reporting the contents of computer code; software-as-a-service (SaaS) services featuring software for electronic design automation; Software-as-a-service (SaaS) services featuring software for electronic design automation using artificial intelligence; software-as-a-service (SaaS) services featuring software for integrated circuit design and verification; software-as-a-service (SaaS) services featuring software for integrated circuit design and verification using artificial intelligence; software-as-a-service (SaaS) services featuring computer software for development, design, and visualization of computer systems and software applications; software-as-a-service (SaaS) services featuring an artificial neural network software for lithography correction; software-as-a-service (SaaS) services featuring artificial intelligence-enabled software applications for design space optimization and assistance with debugging; software-as-a-service (SaaS) services featuring software for monitoring, analysis, and optimization of semiconductor devices throughout their lifecycle; software-as-a-service (SaaS) services featuring software for testing software, identifying threats to security, eliminating software security vulnerabilities, and benchmarking software security; software-as-a-service (SaaS) services featuring software for automatic detection of security threats and vulnerabilities in computer software; software-as-a-service (SaaS) services featuring software development tools used to test, evaluate, and improve information and network security;

software-as-a-service (SaaS) services featuring software for analysis and production of programming code in the field of software development; software-as-a-service (SaaS) services featuring software for testing software and benchmarking software reliability; software-as-a-service (SaaS) services featuring software for application security orchestration and correlation, as well as remediation prioritization and cybersecurity risk management; software-as-a-service (SaaS) cloud computing technology; cloud computing featuring software for use in integrated circuit design and verification; cloud computing security threat analysis for protecting data; cloud computing services featuring software for use in security analysis and testing, source code review, application testing; providing virtual computer environments through cloud computing; providing an Internet website portal featuring computer software for design and development of computer systems and software applications; providing a website that features information on computer technology and programming directed to open source programmers and developers ; providing an Internet website portal featuring computer application development environments and tools, namely, testing and evaluation of software, software containing open source code, and software applications for interoperability and compliance with industry standards and established policies and standards ; hosting and maintenance of online searchable computer databases of open source code; infrastructure-as-a-service (IaaS) cloud computing technology; infrastructure-as-a-service (IaaS) services featuring electronic design automation; infrastructure-as-code (IaC) services, namely, providing a security control matrix that maps the solutions outlined in cloud security blueprints in accordance with regulatory standards for the implementation of computing services; services in the field of simulation of physical properties of materials and electronic equipment, namely development of computer simulation software that take into account the atomic scale data of the materials and equipment; computer simulation based on computer programs to develop and optimize semiconductor processing technologies and devices; computer services, namely, providing an online portal for tracking and analyzing computer software development; computer services, namely, a website featuring technology that provides access to graphic user interfaces for developers of open source projects; ; computer services, namely, conducting software audits, namely, using the company"s proprietary software to scan the software of others in order to detect and report on the software content found within, and evaluating and reporting the results of such audits; computer services, namely, hosting and maintaining a website to analyze computer code and report on the contents of computer code; computer systems analysis, namely, reviewing, evaluating and reporting on the composition and components of computer software on the computer systems of others in order to assist businesses and government organizations in identifying, tracking and managing their software assets and use of third party software, or to ensure compliance with industry, legal or governmental regulations; computer systems analysis, namely, using proprietary software to compare individual software components on the computer systems of others to databases of known software sources in order to evaluate and categorize such components and identify the source of such components; monitoring of computer software for security purposes; consultation in the field of testing computer systems for security purposes; cloud computing featuring non-downloadable software for electronic design automation.

CI.45: Monitoring of computer systems for security purposes; consultation in the field of monitoring computer systems for security purposes.

Cl.9; Computer game software, downloadable; computer game software, recorded; computer operating programs, recorded; computer programs for gaming, gambling and betting; computer programs, namely computer programs for online games, casino games, games of chance, slot machines, card games, bingo games, interactive games, augmented and virtual reality games; computer programs for operating of gaming establishments, casinos, betting offices, lottery offices, online casinos, betting platforms, online gaming platforms; computer programs, recorded; computer screen saver software, recorded or downloadable; computer software applications, downloadable; computer software platforms, recorded or downloadable; computer software, recorded; data sets, recorded or downloadable; downloadable computer software for managing crypto asset transactions using blockchain technology; downloadable digital files authenticated by non-fungible tokens [NFTs]; downloadable graphics for mobile phones; downloadable emoticons for mobile phones; downloadable e-wallets; downloadable image files; downloadable music files; electronic publications, downloadable; memory cards for video game machines.

Cl.35; Administrative processing of purchase orders; administrative processing of purchase orders relating to betting, gaming, gambling, lotteries, bookmaking services; administration of consumer loyalty programs; administration of consumer loyalty programs relating to betting, gaming, gambling, lotteries, bookmaking services; advertising; invoicing; arranging and conducting of commercial events; arranging subscriptions to telecommunication services for others; commercial administration of the licensing of the goods and services of others; compilation of information into computer databases; compilation of statistics; compiling indexes of information for commercial or advertising purposes; computerized file management; consumer profiling for commercial or marketing purposes; data search in computer files for others; demonstration of goods; dissemination of advertising matter; gift registry services; influencer marketing; marketing; marketing in the framework of software publishing; online advertising on a computer network; online advertising on a computer network relating to betting, gaming, gambling, lotteries, bookmaking services; online retail services for downloadable digital music; online retail services for downloadable ring tones; online retail services for downloadable and pre-recorded music and movies; pay per click advertising; payroll preparation; presentation of goods on communication media, for retail purposes; promotion of goods and services through sponsorship of sports events; promotion of goods through influencers; providing business information via a website; providing commercial information and advice for consumers in the choice of products and services; providing user ratings for commercial or advertising purposes; providing user reviews for commercial or advertising purposes; provision of an online marketplace for buyers and sellers of goods and services; publicity material rental; publication of publicity texts; rental of advertising space; rental of advertising time on communication media; sales promotion for others; sales prospecting for others; search engine optimization for sales promotion; sponsorship search; systemization of information into computer databases; targeted marketing; updating of advertising material; updating and maintenance of data in computer databases; web indexing for commercial or advertising purposes; website traffic optimization.

Cl.36; Charitable fund raising; electronic funds transfer; electronic funds transfer provided via blockchain technology; electronic transfer of crypto assets; exchanging money; e-wallet payment services; financial exchange of crypto assets; financial services relating to betting, gaming, gambling, lotteries, bookmaking services; issuance of gift certificates; issuance of gift certificates relating to betting, gaming, gambling, lotteries, bookmaking services; mobile banking services; organization of monetary collections; processing of debit card payments; processing of credit card payments; providing financial information via a website; providing rebates at participating establishments of others through use of a membership card.

Cl.38; Computer aided transmission of messages and images; electronic bulletin board services [telecommunications services]; message sending; news agency services; rental of access time to global computer networks; providing access to databases; providing access to databases relating to gaming, gambling and betting; providing internet chatrooms; providing internet chatrooms regarding gaming, gambling and betting; providing online forums; providing online forums regarding gaming, gambling and betting; transmission of digital files; transmission of electronic mail; transmission of greeting cards online; transmission of podcasts; video-on-demand transmission.

Cl.41; Arranging and conducting of entertainment events; booking of seats for shows; bookmaking [gambling] services; entertainment services; escape game [entertainment]; e-sports services; gambling services; games equipment rental; games library services; game services provided online from a computer network; multimedia library services; online betting services; online gaming services in the nature of casino gambling; online publication of electronic books and journals; organization gambling activities online; organization of competitions [education or entertainment]; organization of cosplay entertainment events; organization of electronic sports competitions; organization of fashion shows for entertainment purposes; organization of lotteries; organization of sports competitions; practical training [demonstration]; production of music; production of podcasts; production of shows; providing amusement arcade services; providing

casino facilities [gambling]; providing facilities for playing Live Action Role Playing [LARP] games; providing information in the field of entertainment; providing information relating to recreational activities; providing online electronic publications, not downloadable; providing online images, not downloadable; providing online music, not downloadable; providing online videos, not downloadable; providing online virtual guided tours; providing user ratings for entertainment or cultural purposes; providing user reviews for entertainment or cultural purposes; rental of training simulators; training services provided via simulators.

CI.42; Computer programming; computer programming services for data processing; computer security consultancy; computer software consultancy; computer software consultancy relating to online games, casino games, games of chance, slot machines, card games, bingo games, interactive games, augmented and virtual reality games; computer software design; creating and designing website-based indexes of information for others [information technology services]; creating and maintaining websites for others; creating and maintaining websites for others, namely relating to online games, casino games, games of chance, slot machines, card games, bingo games, interactive games, augmented and virtual reality games; cryptomining; data encryption services; data security consultancy; development of video and computer games; development of computer platforms; electronic data storage; electronic monitoring of personally identifying information to detect identity theft via the internet; electronic monitoring of credit card activity to detect fraud via the internet; hosting computer websites; information technology [IT] support services [troubleshooting of software]; internet security consultancy; installation of computer software; monitoring of computer systems for detecting unauthorized access or data breach; monitoring of computer system operation by remote access; maintenance of computer software; maintenance of computer software relating to online games, casino games, games of chance, slot machines, card games, bingo games, interactive games, augmented and virtual reality games; platform as a service [PaaS]; platform as a service [PaaS], featuring computer software for gaming, gambling and betting; providing information relating to computer technology and programming via a website; providing search engines for the internet; providing virtual computer systems through cloud computing; rental of computer software; rental of computer software, namely rental of computer software for online games, casino games, games of chance, slot machines, card games, bingo games, interactive games, augmented and virtual reality games; rental of web servers; software as a service [SaaS]; software as a service [SaaS], featuring computer software for gaming, gambling and betting; software development in the framework of software publishing; updating of computer software; updating of computer software, namely updating of computer software relating to online games, casino games, games of chance, slot machines, card games, bingo games, interactive games, augmented and virtual reality games; user authentication services using blockchain technology; user authentication services using single sign-on technology for online software applications; website design consultancy; writing of computer code.

Cl.6;Casings, bays, housings, rack frames, trays and cassettes; structural, enclosure, finishing, fixture, support, adaptation, fixing, blocking, mounting, pairing and wiring elements, all for casings, bays, housings, rack frames, trays and cassettes, including chassis, reinforcing materials, frames, supports, support frames, panels, plates, partitions, uprights, bars and busbars, doors, roofs, cover caps, bases, mounts, rising blocks, trims, end cones, trays, support brackets, angle brackets, racks, rails, angle irons, runners, cross members, face plates, cover plates, bearing plates, cable support brackets, cable sheathing, wire saddles, connector support brackets, fastening lugs, suspension rings, cable clips; prefabricated boxes for flush-mounted casings; locks and closures for casing, bay and cabinet doors; metal key barrels and key sets for the aforesaid doors; metal cams for cabinet or casing closures; latch locks and padlocks for cabinets and casings; metal hinges for cabinets and casings; flat connector pieces for casings; metal casing connection bars; lifting rings and brackets for cabinets and casings; cabinet, bay and casing casters; furniture casters of metal; installation and/or distribution profiles for second-fix construction and interior fit-out, namely, trunking, moldings, raceways, wire guides, cable guides, wire covers, skirting trunking, baseboard moldings, cornices, columns, tubes, sheaths, conduits, pipelines, rigid pipes, floor ducts, cable trays, rails; equipment, junction, branch, support, routing, blocking, laying, assembly, connection, finishing and fastening parts, all for installation and/or distribution profiles and/or for equipment therefor, namely, boxes, housings, covers, plates, plaques, branch boxes, convector outlets, junction boxes, connection and branch t-pieces and angle pieces, end pieces, connecting parts for covers, connecting parts for trunking, adapters, frames, supporting brackets, location or marking holders, support frames, faceplates, internal partitions, access hatches, lugs, blocking pins, clips, staples, joining plates, screws, rivets, bolts, nuts; holding and/or guiding parts for wires or cables in profiles; fasteners; clasps and other fastening elements; clips for cables and tubes; installation, fitting, banding, cabling, fastening and/or clamping collars; single-use self-locking cable ties; mounts, dowels, bolts and identification plates for the aforesaid collars; dowels; binding screws of metal for cables; rope thimbles; collars, hooks and cable clips for cables or pipelines; signaling plates; screws; bolts; nuts; all made wholly or mainly of metal; metal furniture elements; scaffolding of metal; metal support for loading and unloading merchandise; metal sling for loading and unloading merchandise; belt stretchers of metal; safety chains of metal; laths of metal; metal support brackets, metal posts, for cables and cable trays; advertising boards [metal display panels]; platforms, prefabricated, of metal; metal adjusting systems for positioning electronic apparatus, namely, lifting mechanisms for regulating the height of computer or television screens; metal braces for load handling; crampons of metal; welding rods; metal braces for load handling.

Cl.7;Electric motors for doors, entrance gates, curtains, windows and shutters; electric devices for controlling doors, gates, curtains, windows and shutters; elevator control devices.

Cl.8;Hand-operated hand tools and instruments, namely, for electricians, including pliers, clamping pliers, cutting pliers, pliers for cutting tube entries, pliers for clamping and cutting collars, clips for electric cables and wires, cable cutters, stripping pliers, twisting pliers, crimping pliers, notching pliers, tools for distributing and installing cabling accessories, in particular cable ferrules, clips for distributing cable ferrule strips and crimping ferrules, screw drivers, current testing screwdrivers, cartridge testers, tools and instruments for the distribution and installation of marking material for electric conductors, grippers for the precomposition of markers and positioning of markers in marker holders, extractors for the removal of marker-holder markers, chargers for dispensing and applying markers to electric conductors or marker holders, tools and instruments for fitting, mounting or disassembling flush-mounted boxes as well as parts and adaptation elements thereof, disassembly tools for holding magnets, hole saws for drilling plasterboard; parts and components of all the aforesaid tools and instruments, and cases therefor; cable pullers [hand-operated tools]; cable pulling end pieces and tapes.

Cl.9;Apparatus, instruments and devices for electric control, remote control, signaling, calling, monitoring, remote monitoring, access control, detection, alarm; Apparatus and instruments for supplying electric current, conducting, transmitting, switching, distributing, transforming, accumulating, regulating or controlling electricity; electrical installation equipment; parts and components of electric installation appliances, namely, mechanisms, boxes, housings, support brackets, clasps, fixing lugs, bases, mounting frames, surface-mounted frames, adapters, adapter frames, plates, base plates, counterplates, top plates, floor top plates, hub plates, trim plates, enclosure boxes, cover caps, flaps, covers, lid hinges, trims, label holders, control keys and control levers; mechanisms for electrical installation apparatus and electrical control apparatus; modular electrical equipment for installations; apparatus for measuring electric current; electric grid supervision apparatus; electric grid analysis apparatus; transducers; breakers (circuit breakers); power circuit breakers¹²⁶

medium voltage circuit breakers; differential blocks for circuit breakers; circuit breakers for motors; circuit breakers for electric motors; modular circuit breakers; controls for circuit breakers; control and signal gear for circuit breakers; undervoltage, overvoltage or delayed undervoltage releases for circuit breakers; load-break switches; power stabilizers; relays; differential relays; overload relays; protection relays; connected relays; residual current relays; decoupling relays; relays for group security devices; time delay relays; dusk-to-dawn relays; remote control relays; earthing apparatus; earthing connections; earthing collars; splitters; distribution boards; modular row distributors; distribution panels; circuit breakers; circuit breaker mechanisms; electric power cut-off mechanisms; casings for emergency shutoff or emergency stop; fuse cartridges; industrial cartridges (electricity); combined cartridge units; fused connection units; load controllers; counters; ammeters; voltmeters; transformers; auto-transformers; electric installation appliance units; modular blocks (electricity); modular units and modular mechanisms for managing home automation functions; electric control boxes; detectors and sensors for the automatic control of home or building automation functions; solar cells; modular electric power support rails and connectors and adapters for said rails; installation stands for electrical equipment; branch boxes (electricity); connectors; coaxial connectors; connectors for tertiary furniture; connector cords; connectors for copper bars; data rails; connectors between installation bus cables and modular data rail boards; distribution studs; distribution grids; terminals (electricity); branch grids; terminal strips; cutout strips; terminal blocks; drawers for optical fibers; power supplies (electricity); modular power supplies; emergency power supplies; emergency power supply casings; power supply apparatus for programmable automatons; power supply terminals for campsites; soft starters for asynchronous motors; electric couplings; electric junction boxes; feed combs; connecting combs; distribution combs; distribution terminal blocks and holders therefor; filler plates (electricity); terminal shields and holders therefor; terminal cover casings; lightning conductors; dimmers; dimmer switches; light dimmers; voltage regulators; power regulators; speed regulators (electricity); limit regulators/switches; voltage regulators; voltage surge protectors; electronic speed regulating apparatus; electronic pressure regulating apparatus; power units; potentiometers; timers for electric installations; cutoff early warning apparatus coupled with a timer; telerupters; auxiliaries for remote switches; contactors; power contactors; contactors for off-peak or other applicable electricity tariffs; auxiliaries for contactors; uninterruptible electrical power sources; uninterruptible electric batteries; Electric cells, batteries and accumulators; battery boxes; accumulator cassettes; capacitors; electrical ballasts and their monitors; compensators (electricity); repeaters; electric distribution compensation panels; chargers; wireless chargers; USB chargers; charging stations for electric vehicles; electric sockets, posts and cables for recharging points for electric vehicles; mounted and pre-wired electric boards for photovoltaic installations; waterproof electric casings for photovoltaic installations; inverters for photovoltaic installations; electronic apparatus providing hotel guest services, namely, management of lighting, heating, communication with the hotel reception; sockets for hotel room management systems; multi-app modular controller for hotel room management; electrical equipment for heating control and energy management; energy management apparatus, especially for electric heating; heating programmers; apparatus and instruments for measuring and/or regulating temperature; thermostats; room thermostats; programmable thermostats; probes for thermostats; apparatus for controlling temperature [thermostats]; smart temperature control apparatus [thermostats]; wireless temperature control apparatus [thermostats]; smart thermostatic valves; smart thermostats; smart electric apparatus for optimizing energy consumption; smart thermostatic valves enabling the remote control of heating; decorative covers for thermostats; electric control devices for ventilating installations; wireless weather stations; couplers [data processing equipment]; phase couplers; modular couplers; bus couplers; modular transmitters and receivers, in particular for remote control; interfaces for remote control apparatus and installations; filters (electricity); input filters, in particular for remote control apparatus and installations; socket insulator filters; programming units; programmers for household appliances; cooker control devices; household programmers; power distribution unit; power distribution unit accessories, namely, connecting cable and extension cable; energy distribution unit management software; switched-mode power distribution units; metered power distribution units; smart electric distribution units; remote controlled power distribution units; distribution cabinets, casings, desk consoles and boards (electricity); medium voltage electric boards; electric push button panels; modular casings (electricity); terminal casing covers (electricity); casings for weak-current and signals; subscriber branch boxes (electricity); subscriber panels (electricity); bearing plates for circuit breakers and/or subscriber meters; casings prefitted with bearing plates for subscriber connection; casings prefitted with a fuse circuit breaker; casings prefitted with trip switches; sheaths for weak-current; sheaths for electric cables; accessories for electric distribution boards, namely, flat bar mounts, flat bars, additional brass bars, divisible cable entry points, cable entry knock-out plates, security locks; parts and component parts for casings, cupboards, bays, electric boards, namely, flush-mounted boxes and trays, fitting templates, chassis, doors, bases, bearing plates, end pieces, plates, gland plates, base plates, separator plates, side panels, cover caps, covers, enclosures for base plates, blanking plates, faceplates, riser pads, riser covers, trunking, rails, bars, cross members, uprights, finishing frames, finishing cones, terminal blocks, terminal block support brackets, terminal covers, modular elements for casings, power supply units, splitters, sockets, switches, connectors, cable sheathings, cable gland plates, wire saddles, fastening parts; pairing spacers for the aforesaid casings; cable gland hoops; electric conductors, including wires, cables, rails and buses; extension cables and cords; connected busbars; reels for electric cables; electric cable sheathing for equipable cabinets; electric cable ducts; ladders for electric cables; trunking, moldings, skirting trunking and columns for conductors and/or electrical equipment; cable guides for electric conductors; cable trays for electric conductors; ducts [electricity]; technical distribution slabs (electricity); cable glands (electricity); electric feedthroughs; cable ferrules; strain-relief cable glands; markers for electric conductors; sleeves for markers for electric conductors; label holders for markers for electric conductors; collars for electric conductors and equipment; terminal blocks; control modules; diode modules; electric control, remote control, radio control, infrared control apparatus, devices and installations, in particular for heating, watering, air conditioning, ventilation, alarm apparatus, roller shutters, blinds, projection screens, televisions, doors, door phones, locks, presence simulation and, in general, all electrically operated apparatus; electric control and management appliances for lighting; electric controls for lighting; ambient lighting management apparatus; apparatus for controlling heating and other functions by telephone; electric roller shutter controls; electric controls for blinds; wind and/or sun sensor sets for apparatus for controlling roller shutters or blinds; remote controls; radio remote controls; remote control casings; auxiliary remote control apparatus; portable remote controls; infrared remote controls; electric or radio bus control units; infrared controllers; transmitters and receivers (remote control); infrared transmitters and receivers; antennas; single-function or multi-function electric control units; electro-mechanical interfaces for control apparatus; switches; electronic switches; push switches; differential switches; time switches; time delay switches; dusk-to-dawn switches; free-release switches; switch disconnectors; fused switch disconnectors; electric current switches; switches with pilots; light switches; light bulbs for light switches; switch-receivers; power switches; key switches and push buttons; key, badge or card switches (including for hotel rooms); switches with a lock; switches for roller shutters; remote controlled switches; connected switches; decorative switch plate covers; source inverters; changeover switches; commutators; medium voltage electric switching apparatus; electric push buttons; label holder push buttons (electricity); push-buttons (electricity); coded keypad control apparatus, including switches and push buttons; electronic two-way switching devices; electronic double two-way switching devices; electronic two-way switching devices and illuminated push buttons; push buttons and turning buttons for electric control and signaling; emergency "punch" cut-off buttons; auxiliary contacts; wire outlets; cable outlets; indicators (electricity); electric indicator lights; indicator lights (signaling) and diffusers for these; beacon lights; label holders (signaling); plugs and sockets (electricity); jack sockets and plugs; RJ45 sockets and plugs; HD15 sockets and plugs; plugs (connectors); plugs and sockets,; connected sockets; electric sockets with USB socket; combined TV and telephone sockets; data sockets; frames and holders for electric sockets; electric tap boxes for construction sites; socket end seals,; television plugs and sockets; plugs and sockets for video; plugs and sockets for radios; telephone plugs and sockets; loudspeaker input and output connectors,; microphone plugs and sockets; computer plugs and sockets; multimedia plugs

and sockets; communication plugs and sockets; computer connectors; connector units; connection strips; distribution strips; plugs and sockets for satellite reception and/or communication; plugs and sockets for cable network reception and/or communication; plugs and sockets for receiving frequency modulation; plugs and sockets for connectors; locks for connectors; connector covers; connector sockets; plugs and sockets for optical fibres; optical fiber connectors; optical patch jumper cable; plugs and sockets for signaling, calling and/or alarm apparatus; plugs and sockets for electric control apparatus; central vacuum electric sockets; lightning rod sockets; multi-outlet power strips; industrial plugs and sockets; industrial socket casings; connector sockets; plug-in connectors; attenuators; adapters (electricity); electric plug adaptors for travel; electric converters; patch panels (electric connections); patch cords; electric installation appliance units; flush boxes (electricity); boxes for connecting lighting fixtures such as boxes for sconces or for center points; electric conductors, especially cables, wires, cords, rails and buses; multiplexed electric wiring harnesses; installation and/or distribution profiles for electric conductors and/or apparatus; stand-alone signal units; stand-alone beacon units; apparatus for controlling stand-alone security lighting units and centralizing information from such units; repeaters for remote control of security lighting apparatus; interfaces, connector devices, function cards and auxiliary modules, all for signaling installations and apparatus; casings, cabinets, desk consoles, console cabinets, bays, housings, trays, cassettes and drawers, all specially adapted for holding electric, electronic, optoelectronic and/or computer apparatus or equipment, and/or optical fibers, whether or not prefitted, for surface mounting or flush mounting; distribution, connection and/or cabling equipment for casings and cabinets (electricity); distribution equipment for modular electric apparatus; patch panels, casings, bays and cabinets for voice-data-image (VDI) applications; patch panels for data centers; smart patch panels; optical fiber patch panels; high-density optical fiber patch panels; remote control apparatus for home or building automation functions, especially via power lines, radio, telephone; remote control apparatus for electric sockets; programming interfaces for electric apparatus; servers for home automation and/or building automation applications, which receive and transmit remote control orders; modems for connecting the aforesaid servers to telecommunications and/or computer networks; alarm apparatus and instruments; modular alarm apparatus; modular apparatus for technical alarms; central units for the management of signaling and/or alarm apparatus; alarm stations; fire safety stations; home automation stations; fire alarm control units; smoke extraction fan controls; sound monitoring apparatus, especially for children's rooms; call boards; electric sound, call and/or alarm signaling apparatus and appliances, including for doors and entrance gates; bell and/or call buttons; bells and chimes (warning, signaling and/or alarm apparatus), including for doors and entrance gates; electric doorbells; transformers [electricity] for ring tones; wireless electronic doorbells; door entry systems; plates for door entry systems; smart door entry systems; access control devices; warning signals for electric networks; warning lights; acoustic [sound] alarms; horns; anti-theft alarms (other than for vehicles); fire alarms; electric warning bells; industrial warning devices; buzzers; sirens; siren casings; sound diffusers for emergency evacuation; luminous signals (signs); rotating lights (signs); flashing lights; strobe lights; flashing and audible lights; holders for the aforesaid lights; signal beacons; intrusion alarm apparatus, especially wired or radio; telephone transmitters and electromechanical relay interfaces (apparatus) therefor; video surveillance systems; indoor cameras for video surveillance systems; outdoor cameras for video surveillance systems; anti-theft alarms; video surveillance systems; video telephones; plates for viewphones; cameras for viewphones; webcams; intercommunication apparatus; intercom plates; intercommunication apparatus, cameras and intercoms for alarm systems; computer hardware and software intended for use in video surveillance; electronic anti-theft device; electric locks; smart locks; apparatus for recording, reproducing, issuing, transmitting, broadcasting, receiving sound and/or images, including: loudspeakers, cabinets for loudspeakers, sound bars, pre-amplifiers, amplifiers, microphones, call microphones, selectors for sound volume adjustment, sound volume attenuators; preset radio station selectors; public address apparatus; music players; electric devices to suppress noise interference; sound and/or image and/or data and/or computer program magnetic, optical, electronic and/or digital recording media; television and/or radio receiving stations, via hertzian wave and/or via satellite; amplifiers for hertzian and/or satellite signals; switches for hertzian and/or satellite signal receivers; electronic switches for video signals; couplers for hertzian and/or satellite signal meetings; hertzian and/or satellite signal distributors; VDI (voice-data-image) distributors; multi-port ethernet repeaters; computer software used for recording, transmitting, displaying or projecting sound, images; projectors; film projectors; overhead projectors; electronic touch screens; screens for photographic, computer or cinematographic projection use; handheld screens as well as related parts and accessories; video screen fabric; pods for cinematographic cameras or projectors; control device for projection screens; locking system for projection screens; fabric coating providing a concealed border around the viewing area of a projection screen; light-absorbing fabric coating sold as a component of video projection screens; support brackets for loudspeakers, supports for audio and video equipment and wall mounts for audio and video equipment; supports adapted for laptops; support brackets for computer hardware; stands for tablet computers; support brackets for computer screens; LCD support frame; television; television antennas; plugs and cables for use with audio and video equipment; multimedia apparatus for receiving, recording, transmitting, amplifying sound; analog apparatus for receiving, recording, transmitting, amplifying sound; digital apparatus for receiving, recording, transmitting, amplifying sound; computer cabinets; liquid crystal displays (LCD screens); adjustable mounting systems, namely, mounting brackets, support brackets, tables and trolleys adapted for liquid crystal displays, plasma displays, cathode ray tube displays, projectors, video cameras; stereoscopic apparatus; thin film transistor liquid crystal display (TFT-LCD) panel; racks for amplifiers; video conferencing apparatus; video and audiovisual system controllers; video and audiovisual systems comprised of electric controllers and computers which provide automated movement tracking which tracks a moving presenter; IP cameras for video capture; thermal imaging cameras; camcorders; video intercoms, audio intercoms; software for videosurveillance cameras; video surveillance cameras; application software for mobile electronic apparatus for displaying videos on mobile apparatus; camera covers, camera housings, camera lenses; control panels for videosurveillance cameras; ground visual display units; video encoders, television decoders, camera servers, motion controllers for cameras, optical motion detectors and trackers for cameras during meetings or presentations; video and audiovisual system controllers, namely, controllers which turn on/off, select audio/video sources or indirectly operate such video cameras, electronic switches, systems, components, cables and peripherals; digital voice signal processor; software for designing, selecting or ordering audio and video equipment accessories, namely, accessories for projectors and flat screens; software for generating or modifying a list of parts for audio and video equipment accessories; audio equipment for cars; fire alarm management apparatus; detectors; infrared detectors; infrared receivers; interfaces between transmitters and receivers; magnetic opening detectors, in particular for garage doors; presence detectors; motion sensors; passage detectors; intruder detectors; proximity sensors; radio frequency detectors; fire and smoke detectors; stand-alone releasing detectors; gas detectors; flood detectors; temperature increase detectors; glass breakage detectors; pre-signal detectors; electro-mechanical interfaces for detectors; photoelectric cells; electric contacts, especially for doors and gates; electromagnetic suction closures and actuators for fire doors and escape routes; control casings for emergency exits and fire extinguishing systems; electric or electronic striking plates, locks and closures and controls and remote controls therefor, including with keyboard; encoded keypad controls for access control; coded keypads for buildings; prehung door units for electric locking of emergency exits; door closing selectors; cases and readers for access control apparatus; autonomous access control readers and electronic keys therefor; magnetic and/or electronic and/or optical and/or digital keys, cards and badges, especially for access control; badge holders for the aforesaid badges; access control apparatus, namely, identification badge readers; programming keys for electronic keys; building and villa door phones; intercommunication apparatus; video telephones; interphone and telephone exchanges and apparatus; interphone and telephone handsets; electric installation appliances enabling control and management, in particular centralized and programmable, on-site or remote, in particular from a computer or a mobile phone, home automation and/or building automation functions and applications, including the control and management of electric and electronic circuits, lighting, heating, air conditioning, ventilation, automatic sprinkler, shutters, blinds, sunroofs, door phones, breakdown, leak or

defect, temperature and fluid consumption level management, control and management of security, alarm, fire detection, lightning protection, surveillance, access control, intruder defense, recording and/or disseminating sound and/or images, intercoms, telephones, televisions, telecommunications and/or computer systems; home automation systems; home automation apparatus; bus interfaces for home automation systems; apparatus for programming and controlling home automation systems; electric opening and closure control apparatus; electric apparatus for controlling opening and closure by powerline communication or radio frequency; apparatus for centralizing electric controls; connection modules for smart apparatus; connection modules for electric controls; interface for controlling electric apparatus; communication gateways (electric apparatus); apparatus, devices and instruments for technical teaching and training in electricity and electronics as well as with respect to the assembly, installation, use and maintenance of electric appliances and installations, including: educational cabled panels, coated with electric circuits, equipment and/or appliances, synoptic boards, simulation apparatus and installations; sets of component parts of electric or electronic apparatus or appliances ready for mounting, for technical teaching and training purposes; teaching, instructional and training software, in particular in the nature of recorded databases, all in the field of electric installation appliances; software to assist in the design and roll out of electric installations, assistance in determining the nature, quality, characteristics and quantities of appliances and materials required for such purposes as well as normative and compliance standards applicable to the same, assistance in drawing up descriptions of the aforesaid appliances and materials, deciphering and reupdating corresponding quotes, ordering the above-mentioned appliances and materials, invoicing, cost-price visualization, sales support, construction site monitoring; electric grid measurement, analysis and monitoring software; software for drawing up electric installation plans; software for taking and managing orders, in particular electric installation appliances, with pricing set at the distributor's pricing rates; software for managing customer files; browsing software for accessing digital information services over computer and telematic networks, for searching and viewing data and information (such as: electronic catalogs and documentation, product notices, certificates of compliance, study software, multimedia presentations, wiring diagrams; software for taking and managing orders with pricing set at the distributor's rate, all in the field of electric installation appliances; software for tracking conductors and components used in the performance of electric equipment, in particular cables and appliances in electrical casings and cabinets; electronic or optical display devices for conductors and components of electrical equipment; software for creating labels for identifying modular electric apparatus and circuits; software for studying distribution boards (electricity), in particular their nomenclature, installation plan, cost price and installation cost; software for autonomous security lighting units, including for positioning and locating them on a plan; servers, software and recorded databases with respect to electrical equipment for installations, in particular modular, and apparatus and installations for controlling and managing home automation functions; electronic keypad printing machines for editing labels; electric or electronic digital plotter tables for marking reference points; electronic publications (downloadable), including electronic letters and newsletters, electronic newspapers, electronic magazines; computers; computer hardware; power supplies for computers; computer cables, cords and extensions; magnetic recording media, sound recording disks; digital recording media; computer peripherals; wireless computer peripherals; computer peripherals, namely, computer printers, computer monitors, integrated circuits, computer mice, computer keyboards, computer memories; microchip (computer hardware); computer program for access or entrance control; wireless router; wide area network (WAN) router; network router; computer interfaces; downloadable software for monitoring and managing Internet protocol (IP) computer networking systems and IP computer network equipment, namely, routers, switches and access points with compatible firmware for remote monitoring and management, on the Internet; data center cabinets; server cabinets; cages for data centers; cabinets for virtual office infrastructure; LAN cabinets; open-frame LAN racks; racks for virtual office infrastructure; measuring and monitoring apparatus for air conditioning in data processing rooms; preconnectorized optical fibers for data centres; access control devices for data centres; cable trays for optical fibers; bus bars for data centres; critical power monitors; KVM cables (namely, screen-keyboard-mouse) over Internet protocol; KVM adapters (namely, screen-keyboard-mouse) over Internet protocol; KVM management software (namely, screen-keyboard-mouse) over Internet protocol; KVM console (namely, screen-keyboard-mouse) over Internet protocol; KVM analog (namely, screen-keyboard-mouse) over internet protocol; KVM over IP (namely, screen-keyboard-mouse) over internet protocol; secure KVM switch (namely, screen-keyboard-mouse) over internet protocol; automatic transfer switches; rack transfer switches; server bay accessories, namely, cables, plugs; optical fiber patch panels for data centers; cassettes and modules for data center racks; WiFi communication equipment; WiFi switches; WiFi adaptors; WiFi routers; WiFi antennas; WiFi controllers; communication gateways (electronic devices); switches, adapters, PoE (power-over-ethernet) controllers; ethernet switches for industrial automation; audiovisual ethernet switches; network testers; cable testers; cables for multimedia apparatus and instruments; multimedia communication panels; active multimedia components; passive multimedia components; Ethernet switches; interconnection computer hardware, namely, wireless switches, network bridges and network range extenders; computer network routers and wired and wireless communication apparatus, namely, meshrf network routers; wired computer network router; wired communication equipment; wireless computer network router; Wireless communication equipment; optical fiber spreaders; cable gland panels; optical fiber drawers; telephone apparatus; computer telephony hardware; transceivers for communication via electric lines; modems for communication via electric lines; plugs and sockets for communication via electric lines; electric line communication modules; adapters for communication via electric lines; lighting control apparatus; electric couplings for lighting installations; wireless lighting control apparatus; electrified rails for mounting spot lights; electronic bulletin boards; interactive computer kiosks mounted on media, comprised of computers, computer hardware and software for advertising and disseminating information about the products and services of third parties; emergency call apparatus for the elderly or dependent; alarm buttons for elderly or dependent persons; emergency devices sending out an alarm in case of a fall for elderly or dependent persons; mobile emergency call devices for elderly or dependent persons with GPS tracking functionality; electronic trigger sending an alarm to the terminal with positioning and activity functionality; RFID/area ID generator for positioning functionalities; electronic devices reminding the user that a medication must be taken and sending an alarm if it is not taken; electronic nurse call apparatus; voice communication systems (electronic devices) for nursing homes and hospitals; software for voice communication systems for nursing homes and hospitals; retirement home management software; motion detectors with door alarm; door opening sensor; movement sensor for beds or armchairs for elderly or dependent persons; ground sensor; bed sensor; air quality sensors; fire sensors; temperature sensors; heat sensors; gas sensors; flood sensor; wired sensors; wireless sensors; bathroom scales; communication gateway for transmitting radio alarms via IP or serial interfaces; radio range amplifier; two-bidirectional physical input/output to radio gateway; corridor lighting to display a visual alarm or notification; luminous safety signs; signaling lamps; modular covers for hospital bed heads; work clothes for protection against accidents or injuries; downloadable virtual products, namely, virtual equipment and instruments for conducting, distributing, transforming, storing, regulating or controlling electricity authenticated by non-fungible tokens; downloadable virtual products, namely, virtual apparatus for recording, displaying, projecting, transmitting or reproducing sound or images authenticated by non-fungible tokens; downloadable virtual products, namely, medical apparatus and instruments authenticated by non-fungible tokens; downloadable virtual products, namely, virtual lighting apparatus authenticated by non-fungible tokens; electric casing aerators ; all the aforesaid services does not include Downloadable publications in electronic form, applications (software) for mobile devices.

CI.10; Medical apparatus and instruments; heart rate monitor; clinical thermometers; blood pressure sensor; enuresis detectors; epilepsy detectors.

CI.11; Apparatus and installations for lighting, heating, refrigerating, ventilating, aerating, air conditioning, water and fluid distribution; air/air exchangers; air conditioners; fans; ceiling fans; air vents; electric lamps and tubes, especially for

electrical installation, control, signaling, marking and lighting apparatus and equipment; electric lamps for indicators; electric lamps for warning lights; electric lamps for illuminated label holders; fluorescent tubes for lighting; electric lights for portholes; diffusers for warning lights; incandescent lamps; halogen lamps; lighting portholes; lamps for lighting; safety lamps; electric light bulbs; light bulbs; independent lighting units, including lighting for security, marking and atmospheric purposes; modular emergency lighting units; security lighting plates; beacon lighting plates; strip lights for lighting tubes; lighting fixtures; incandescent and fluorescent lighting fixtures; portable lighting apparatus; portable lamps; portable lamps; flashlights (pocket torches); flashlights; lighting bollards, posts, studs, portholes and boxes; garden lighting posts; spotlights; floodlights; reading lamps; night lights (lighting apparatus); night lights (lighting apparatus); lanterns for lighting; ceiling lights; caps and sockets for electric bulbs, tubes and lamps; ballasts for lighting tubes; protection devices for lighting; ventilation, heating, cooling and lighting apparatus and installations, all for casings, cabinets, bays and housings accommodating electric, electronic and/or computer equipment; air conditioning for data processing rooms; thermal containment for data processing rooms; lighting sheathing and sconces, including hospital bed head sheathing and hospital sconces; lighting modules, in particular for bed head sheathing; water supply and distribution terminals, in particular for outdoor accommodation (camping, caravanning, marinas, yacht harbors); parts and components for all the aforesaid goods, namely: bases, holders, casings, housings, mechanisms, binnacle lights, diffusers, reflectors, enclosure boxes, protective gratings, flush-mounting and suspension parts; speed variators for ventilation installations; luminaires for hospitals; control instruments for luminaires; lighting and reflectors for lighting; decorative covers for lighting; antibacterial lamps; germicidal lamps.

CI.16; Printed matter relating to electric installation appliances as well as in the fields of electric, lighting, electric control, signaling, monitoring, alarm, access control and/or home automation installations; printed guides and manuals for using software with respect to electric installation appliances or intended for electricians and installers of electric equipment; educational materials and media, all for the technical teaching and training of electricity as well as the assembly, installation, use and maintenance of electric appliances and installations, including: educational folders, writing or drawing books and practical work folders and answer sheets, binders, index cards, transparent slides, handbooks, manuals, mounting and maintenance notices, charts, posters, catalogs, educational panels; printed matter, newspapers, periodicals, magazines, magazines, letters and newsletters relating to electric installation appliances as well as in the fields of electric, lighting, electric control, signaling, monitoring, alarm, access control and/or home automation installations; signal labels made of paper and/or cardboard and/or plastic for electric installation appliances and for security lighting or beaconing apparatus; printed index cards made of paper or cardboard for preparing markings for electric conductors or for terminal blocks; binders for the aforesaid plugs; cardboard packaging for electrical appliances; white boards; whiteboard pliers; dry erase writing boards.

CI.17; Insulators; insulating materials; insulators; insulating tapes; insulators, in particular for connections; sealants for electricity; gaskets and seals; insulating rivets made of synthetic materials; insulating supports made of synthetic materials; insulating protective screens; insulating articles for electric cable terminations; insulating housings for electric appliance mechanisms; electrical insulators; cable sleeves; insulating compounds for electricity; insulators for electric mains; insulating mechanisms for electric installation appliances, in particular switches and sockets; insulating materials for electric installation appliance mechanisms, in particular for switch and socket mechanisms; insulating parts and fittings for flush-mounted equipment boxes and/or electric conductors, including: sleeves for thermal insulation, fixing covers for sleeves; adhesive tapes for electric conductors and/or electric installation appliances; flexible pipes not of metal; pipe muffs and couplings, not of metal.

CI.19; Installation and/or distribution profiles for light work construction and interior design, namely: wireways, moldings, rods, wire guides, cable guides, wire covers, skirting trunking, baseboard moldings, cornices, columns, tubes, sheaths, conduits, pipes, pipelines, rigid pipes, floor ducts, cable trays, rails; components of the aforesaid profiles, namely, bodies, lids and partitions; prefabricated construction elements, namely, false floor slabs, false ceiling slabs, manholes; all the aforesaid goods being wholly or principally not of metal, including of synthetic material or polymeric material.

CI.20; Pre-manufacture boxes for flush mounted casings; locks and closures for casing, bay and cabinet doors; hinges for cabinets, bays and casings; casing, cabinet, bay and board fastening parts; mounting brackets for casings; cabinet, bay and casing casters; equipment, junction, branch, support, routing, blocking, laying, assembling, connecting, finishing and fastening parts, all for installation and/or distribution profiles and/or for equipment therefor, namely, boxes, housings, covers, plates, panels, flush-mounted boxes, branch boxes, convector outlets, junction boxes, connection and branch tee and angle pieces, end pieces, connecting part covers, connecting parts for trunking, adapters, frames, support brackets, location or marking holders, support frames, mounting bearing plates, faceplates, internal partitions, access hatches, lugs, blocking pins, clips, staples, joining plates, screws, rivets, bolts, nuts; holding and/or guiding parts for wires or cables in at least one compartment of the aforesaid profiles; markers; pre-cut marker plates; marker holders; holding strips for markers; boxes, casings, cases and refills, all for locating material; installation, fitting, binding, cabling, fastening and/or clamping collars; single-use self-locking cable ties; mounts, dowels, bolts and signaling plates for the aforesaid collars; fasteners; clasps and other fasteners; clips for cables and tubes; dowels; binding screws, not of metal, for cables; collars, hooks and clips for cables or pipelines; signaling plates; screws; bolts; nuts; covers for subscriber boards; all the aforesaid goods made wholly or principally of synthetic materials and in particular of plastic or polymeric materials; wardrobes; bays (furniture); standing desks; racks (furniture); chests (furniture); tablets, in particular for bed head covers; writing tablets, in particular for equipment cabinets; parts and components of furniture, namely cabinets, racks, bays, desk consoles, consoles and casings; doors for casings and cabinets; shelves; shelves for storage; drawers; furniture for television sets; furniture for audiovisual apparatus; plastic clips for cables; furniture for use with audio or video equipment, table for image projectors; computer furniture; mobile furniture for image, sound and computing material; lecterns; desks [furniture]; work benches; console tables (furniture); shelving units; computer trolleys (furniture); display stands; showcases; chairs; storage cabinets with drawers; storage racks (furniture); trestles [furniture]; furniture for household appliances; indoor window blinds [shades]; window blinds, namely roller blinds, pleated blinds and honeycomb shades; venetian blinds; drapery hardware, namely, cross bars, poles, curtain hooks, curtain rods and finials; furniture for computer, audio and video equipment.

CI.21; Dispensers for cleaning products, namely, spray bottles that distribute solutions to clean display screens such as, for example, television screens and monitors.

CI.35; Advertising; dissemination of advertising and promotional material, namely tracts, prospectuses, catalogs, printed matter and samples; publication and dissemination of advertisements and promotional and advertising texts; rental of advertising space; rental of advertising time on all communication media; publication of advertising texts; creating and updating of advertising and commercial documentation and catalogs of goods and services; creating and updating (input and processing) of customer files; selection (promotion) of goods and services (for others); marketing services; demonstration of goods; organizing sales promotion operations and services with a view to developing customer loyalty, all for commercial and/or promotional and/or advertising purposes; advertising by mail order; bill-posting; advertising and promotion by radio, television, data communication, cinematographic means as well as on telecommunications or computer networks; on-line advertising and promotion on a computer network; organization of exhibitions and events for commercial and/or promotional and/or advertising purposes; business and commercial information services; commercial

information agencies; assistance to businesses in their commercial strategy; business management assistance; commercial administration; compilation and exploitation of statistical data; statistical information; market research and study; market surveys; opinion polling; public relations; arranging newspaper and periodical subscription (for others); subscriptions to telecommunication services; office functions; document reproduction; editing of documents; management, compilation and systematization of information into computer databases; computer file management; displaying information from databases; updating databases (data entry) with respect to electrical equipment for installations or intended for electricians and installers of electric appliances or for technical teaching and training purposes; data search in computer files (for others); auction services; auction services via electronic communications networks; inquiries for others in the field of business, commercial administration and company management; providing online marketplaces for buyers and sellers of goods and services; procurement services for third parties [purchasing goods and services for other businesses]; retail or wholesale services for the following products: equipment and instruments for conducting, distributing, processing, storing, regulating or controlling electricity, electric control products, apparatus for recording, displaying, projecting, transmitting or reproducing sound or images, computer products, software, data center equipment products, communications network products, medical apparatus and instruments, lighting products, surveillance, alarm, access control, home automation products, signaling products, dry erase boards, dispensers for cleaning products.

CI.37; Services for the assembly (for third parties), installation, servicing, maintenance and repair of electric installation appliances, electric installations, apparatus, appliances, installations and systems for lighting, electric control, signaling, monitoring, alarms, access control, home automation, building automation and information networks; information, advice and consultancy with respect to the assembly (for third parties), installation, servicing, maintenance and repair of electric installation appliances, electric installations, apparatus, appliances, installations and systems for lighting, electric control, signaling, monitoring, alarms, access control, home automation, building automation and information networks; the aforesaid information, advice and consultancy being consultable or available including online or on telecommunications and/or computer networks; battery replacement; charging of batteries and energy storage devices, and rental of associated equipment; installing electric cable trays; installing door phones and intercoms; installing projection screens; installing a feed rails for a projector; installation, repair and maintenance of computers; installing, monitoring and/or remotely repairing computer network systems and connected apparatus; installing and repairing building automation systems and electric and electronic building apparatus, distributed principally by professional electric service dealers.

CI.38; Telecommunications network services for building and home automation applications, in particular for controlling and managing electric and electronic circuits, lighting, heating, air conditioning, ventilation, shutters, blinds, sunroofs, remote control of electric apparatus for managing breakdowns, leaks or defects, for managing fluid temperature and consumption levels, for controlling and managing security, alarm, fire detection, surveillance, access control, intruder defense, recording and/or disseminating sound and/or images, intercoms, telephony, televisions, telecommunications and/or computer systems; access to web sites and portals and/or telecommunications in the field of electrical equipment for installations, electrical installations, apparatus, devices, installations and systems for lighting, electrical control, signaling, monitoring, alarms, access control, home automation, building automation and information networks; rental of access time to the aforesaid databases and to sites on electronic communications networks relating to electrical equipment for installations.

CI.41; Technical teaching and training in electricity and electronics applied to electric installation appliances; education and training with respect to the assembly, installation, use and maintenance of electrical equipment for installations, electric installation, apparatus, appliances, installations and systems for lighting, electric control, signalling, surveillance, alarms, access control, apparatus for recording, displaying, projecting, transmission or reproduction of sound or images, home automation, building automation, information networks and data center equipment products; training in the use of software in the aforesaid areas; information with respect to technical education and training in the aforesaid fields; publishing, lending and rental of all printed media, recorded audio and audiovisual, interactive or non-interactive, including audio and/or video cassettes and discs, visual and audio-visual optical compact disc, books, newspapers, magazines, electronic newspapers and magazines, periodicals, letters and newsletters, electronic letters and newsletters, publications, electronic publications, brochures, manuals, guides, all relating to electrical installation appliances or intended for electricians and installers of electrical appliances; publishing articles and texts (other than advertising), including by electronic means and online; electronic publication of online works, including letters and newsletters, newspapers, magazines, periodicals; providing non-downloadable electronic publications online; electronic publication of audio and audiovisual documents online; creating, editing and producing sound and audiovisual recordings; digital imaging services; organization of games, competitions, fairs and exhibitions, for educational, training, cultural and/or entertainment purposes; game services provided online (from a telecommunications and/or computer network); all the aforesaid services relating to electrical equipment for installations, electrical installations, apparatus, devices, installations and systems for lighting, electrical control, signaling, monitoring, alarms, access control, home automation, building automation and information networks; the aforesaid services being consultable or available including online or on computer and/or telecommunication networks.

CI.42; Design, adjustment, installation, maintenance, duplication, hiring out and rental of computer programs, software and databases, in the field of electrical equipment for installations or intended for electricians and installers of electrical equipment or for technical training and teaching purposes; updating of the aforesaid computer programs and software; programming for computers; computer system design; conversion of computer programs and data (other than physical conversion); conversion of data or documents from physical to electronic media; creation and maintenance of websites for third parties; hosting of computer sites (web sites); electronic data storage; cloud computing; designing network-based indexes of information for third parties (information technology service); engineering, expert assessments, professional advice and consulting, drafting, technical consulting, technical research; all the aforesaid services relating to the field of electric installation appliances, electric installations, apparatus, appliances, installations and systems for lighting, electric control, signaling, surveillance, alarm, access control, home automation, building automation and information networks, apparatus for recording, displaying, projecting, transmitting or reproducing sound or images, data center equipment products; providing technical information with respect to electric installation appliances, electric installations, apparatus, lighting, electric control, signaling, monitoring, alarm, access control and/or home automation appliances and installations; providing technical information with respect to apparatus for recording, displaying, projecting, transmitting or reproducing sound or images, information network products and data center equipment products; designing and configuring computer networks for building and home automation applications, in particular controlling and managing electric and electronic circuits, lighting, heating, air conditioning, ventilation, shutters, blinds, sunroofs, remote control of electric apparatus for managing breakdowns, leaks or defects, for managing fluid temperature and consumption levels, for controlling and managing security, alarm, fire detection, surveillance, access control, intruder defense, recording and/or disseminating sound and/or images, intercoms, telephony, televisions, telecommunications and/or computer systems; monitoring a computer system to detect unauthorized access and data leakage; development of software for the secure operation of networks; remote computer backup service; computer network configuration service; designing and developing wireless computer networks; providing a cloud-based platform for managing emergency call devices and user data; providing cloud-based IoT platform for configuring and monitoring emergency devices; providing a cloud-based platform for real-time and remote monitoring of users' health status; providing a cloud-based platform for managing retirement home management solutions; energy auditing and energy management; energy usage management services²¹³¹

research and development for third parties; designing the shape and appearance of manufactured products (industrial design); providing a non-downloadable software enabling users to design, select or order electrical products, lighting products, medical products, home automation products, communication network products, audio and video products; providing a non-downloadable software enabling users to generate or modify a list of parts for electrical products, lighting products, medical products, home automation products, communication network products, audio and video products; monitoring of computers, related apparatus and computer networks in the cloud on the Internet; remote monitoring of computers, computer networks and connected apparatus via an Internet connection.

વ्यापार चिन्ह के पंजीकरण के लिए आवेदक तथा इसके आधिकारिकों को
विशेष रूप से यह प्राथमिकता की जाती है कि पत्राचार करते समय संबंधित
व्यापार चिन्ह बजिस्ट्री कार्यालय का संपूर्ण संदर्भ, पत्र संख्या, तारीख,
आवेदन संख्या तथा संबंधित वर्ग की संख्या का जकड़ डल्लेक्ष करें
जिसको कि पत्रों के व्यापारिक निपटान करने में द्विधा होगी

Applicants for registration of Trade Marks and their agents are particularly requested to quote in their replies full and complete Reference Letter No. and date, application number and the class to which it relates and send to the concerned office of Trade Marks Registry. This would facilitate quick disposal of letters.
